

Attention Wisconsin Turkey Hunters!

As in 2018, the 2019 fall drawing has been waived! One fall turkey harvest authorization is included with each fall turkey or conservation patron license purchased.

- Fall turkey harvest authorization applications are no longer required. Fall turkey hunters need only select the zone in which they wish to hunt at the time of their license purchase
- Spring turkey applications are still required and can be submitted anytime before the **December 10th Deadline**. Spring turkey applicants will need to know the zone and time period they wish to submit an application
 - You may submit or make changes to your selections for the spring application anytime before the deadline by accessing your account at GoWild.Wi.gov.
