Upper Wolf River Fishery Area (Langlade County)

Public input form on the Turtle-Flambeau Scenic Waters Area and a potential amendment to the master plan.

The DNR has received requests to provide access for motorized recreational vehicles (specifically ATVs and UTVs) across less than 0.5 mile of the Upper Wolf River Fishery Area near the STH 64 bridge. The intent would be to provide a connection between the trails and routes on the east and west sides of the river. ATV/UTV use is not currently authorized by the property master plan. In order for the route or trail to be constructed, the master plan needs to be revised to allow this use.

This form is intended to gather your ideas and perspectives about the recreational uses in general at the Upper Wolf River Fishery Area and the potential change that the department is evaluating.

Thank you for providing your input!

Upper Wolf River Fishery Area (Langlade County)

Public input form on the Turtle-Flambeau Scenic Waters Area and a potential amendment to the master plan.

The DNR has received requests to provide access for motorized recreational vehicles (specifically ATVs and UTVs) across less than 0.5 mile of the Upper Wolf River Fishery Area near the STH 64 bridge. The intent would be to provide a connection between the trails and routes on the east and west sides of the river. ATV/UTV use is not currently authorized by the property master plan. In order for the route or trail to be constructed, the master plan needs to be revised to allow this use.

This form is intended to gather your ideas and perspectives about the recreational uses in general at the Upper Wolf River Fishery Area and the potential change that the department is evaluating.

Thank you for providing your input!

   - The space available for river access near Highway 64 is very limited and deeply useful. If this space becomes more crowded, you will lose kayakers from throughout Wisconsin & Illinois.

7. What is the zip code of your primary residence? 60304

There is a large community of kayakers in Illinois who travel to the Wolf regularly. We bring economic activity to your beautiful state and return home with happy memories and a desire to return often.

Letter currently, many off limits trails are being trespassed & used by hikers. Design in current usage is a respectful, lawful way to then reserve opening more access. The opening of trails is measure all over the state. It is time to slow down and analyze and keep circumstances natural with the sound of the rapids and not the constant noise of motorized vehicles.

Many who are being the most vocal & effective do not live in the beautiful Wolf River Valley. They do not pay taxes and do not appreciate the delicate ecosystem of the Upper Wolf River fishery area.

We are grateful for what the DNR has done so far to protect this beautiful river. Let's keep Wisconsin a foreunner, a leader in protecting the environment and this precious natural resource.

It's for the people who support the Taverns, it's a known fact that the Trails lead to Bars & Restaurants.

Why is there a need to travel down a Dead End Road?

And create noise & pollution along a Beautiful River?

There are no Bars or Restaurants Down our Road.

We are not against drinking or having fun!

We just want Peace and Quiet in our area & along our Road!

I was born and raised in Langley's White Rock area. I frequently fished in the Wolf and rafted it occasionally. I am a biology teacher and greatly appreciate nature. When the professional rafting came in, it was often difficult to fish in peace and quiet. Rafts going down the Wolf with very noisy occupants. Is there a time restriction on rafting to avoid the worst fishing times?

Please, please, please keep the Wolf area as pristine as possible.

Hello Lynn and James,

Thank you for taking the time to share your comments and concerns regarding the proposed establishment of an ATV/UTV trail across the Upper Wolf River Fishery Area. I’m also sharing with John Pohlman, lead planner for this process, to be sure your comments are taken into consideration and added to the record.

Sincerely,
Diane

Subject:

Good Evening Ms. Brusoe,

My husband and I wanted to make it known that we are not in support of a ATV/UTV Bridge at Langlade, crossing the Wolf River.

We travel to Langlade from our home in Wausau to camp and paddle the Wolf river on many days during the paddling season. (20-25 days a year). Although we are owners of a UTV, we do not feel the location/area that a ATV/UTV bridge has been proposed for is a suitable area for such a structure. Ourselves and the folks that we have camped and paddled the Wolf River with over the past 30 years are looking for an experience away from ATV/UTVs and the traffic that would ensue if access to this area was increased. There already are quite a few corridors that ATVs/UTVs can travel and the Wolf River doesn’t need to be added to
this list. We cannot change where and how the river flows (where we paddle) but the trail map(s) can be modified to not disturb the area and the peace it offers. Please kindly take this into consideration when discussing ATV/UTV bridges in the Wolf River area.

Thank You,
Lynn and James Kurth

Subject: ATV's in Langlade County

Dear Representatives,

My name is Aaron Kapp and I own 2 properties in Langlade County- one in which I spend on average three days/week x 52 weeks a year. One of the reasons I fell in love with Langlade County decades ago is its incredible outdoor resources. I believe these resources should be enjoyed and shared in ways that don’t come at other people’s expense. From personal experience I do not believe that ATV’s should be allowed to operate on any public roads, trails, or grounds. That said, I am all for ATV use so long as it is restricted to private property only. I especially do not want to see any of my property taxes going towards the funding of ANY thing that makes the use of public roads, trails or land more accessible to ATV’s. I hope you will protect the enjoyment of the outdoors for all and NOT build an ATV bridge on HWY 64 over the Wolf River. I also hope you will do your best to restrict any ATV use of public roads, trails, and land in Langlade, County.

Thank you all for your continued service and for taking the time to read my email,
