Our Mission

- To protect and enhance our natural resources: our air, land and water; our wildlife, fish and forests and the ecosystems that sustain all life.
- To provide a healthy, sustainable environment and a full range of outdoor opportunities.
- To ensure the right of all people to use and enjoy these resources in their work and leisure.
- To work with people to understand each other’s views and to carry out the public will.
- And in this partnership consider the future and generations to follow.

Keep Traditions alive

Outdoor traditions like hunting, fishing, trapping and wildlife watching are an important part of life in Wisconsin. Access to public land makes it easier for everyone to enjoy these activities. Private landowners who share their land can earn financial incentives and keep these traditions alive.

Share the Land

We encourage landowners within eligible counties to apply. Priority is given to those with more than 40 acres with at least 25% usable cover, and those located near public hunting or fishing grounds. Forest and some agriculture land are eligible. Parcels in other conservation programs such as Conservation Reserve Program (CRP), and Managed Forest Law (MFL) may also be eligible (closed status).

the Benefits

In addition to keeping traditions alive, you will be paid at our standard lease rates. Landowners who enroll in VPA-HIP will also receive technical assistance regarding support for habitat enhancement practices (invasive species control, mowing, and more) with a range of incentive payments.

Annual Lease Rates (up to 3 year leases)

Liability Coverage

Wisconsin Statute 895.52 provides liability protection for landowners from injury or death of individuals occurring during participation in outdoor recreational activities on their land.

Calling all landowners within eligible counties to apply for VPA-HIP! Contact the program coordinator for additional information.
