Sanjay B. Olson, Administrator  
Division of Fish, Wildlife and Parks  
State of Wisconsin  
Department of Natural Resources  
101 S. Webster Street  
Box 79212  
Madison, WI 53707-7921

Dear Mr. Olson:

Thank you and your staff for the comprehensive revision made to the Sauk Prairie State Recreation Area Master Plan. We appreciate your efforts to respond to the questions/issues raised in our letter. This revised document has provided us with the information we needed.

Once this plan has been approved by your Natural Resources Board, we will consider the plan to be an amendment to the Program of Utilization (POU) contained in the state's application for the property and referenced in the deeds which transferred the property to the state and will guide the development of the site going forward.

We appreciate all the work that went into developing this plan.

Sincerely,

Elyse R. LaForest  
Program Manager  
Federal Lands to Parks Program
