

Help Out on State Natural Areas

Chiwaukee Prairie Workday

Come care for Chiwaukee Prairie SNA. Help Chiwaukee Prairie Preservation Fund volunteers during our monthly workdays on the third Saturday and enjoy the beauty of this rich prairie in the process. We will be removing invasive plants that can dominate the prairie and displace native plants. No skills needed you will be trained onsite.

Date: Third Saturday of the month

Time: 10am-1pm

Directions: Please check the CPPF website <http://www.chiwaukee.org/volunteer/> for final directions. It will be updated on the Thursday before the workday.

What to wear: Dress for the weather, bring work gloves, and protective eyewear. Embers may burn holes in your outer layer around burning piles.

Contact, cancellation and RSVP info: If you have questions, email cppf@chiwaukee.org or call 262-658-8336.
