Public Comment on the Draft Master Plan for the Sauk Prairie Recreation Area

I am writing to support the WDNR's proposals for ecological restoration, habitat management and quiet nature-based recreation on the former Badger Ammo lands but do NOT support proposed on/off-road motorcycles, high power rocketry and a future gun range because:

Most of the world is overrun with people, machines, noise + pollution. Let this place finally rest and return to peace + quiet where it can properly be enjoyed by nature enthusiasts of nature.
