Public Comment on the Draft Master Plan for the Sauk Prairie Recreation Area

I am writing to support the WDNR’s proposals for ecological restoration, habitat management and quiet nature-based recreation on the former Badger Ammo lands but do NOT support proposed on/off-road motorcycles, high power rocketry and a future gun range because: These activities are not conducive to bringing back the savannah birds & wildlife. Nor do they preserve the landscape or prairie—but help destroy it.

I am writing to support the WDNR's proposals for ecological restoration, habitat management and quiet nature-based recreation on the former Badger Ammo lands but do NOT support proposed on/off-road motorcycles, high power rocketry and a future gun range because: CRITICAL PRARIE RESTORATION INCLUDES SAFETY FOR BIRD NESTING HABITAT AS WELL AS OTHER WELCOME PRAIRIE SPECIES. ON/OFF ROAD MOTORCYCLES, ROCKETRY AND GUN RANGES WILL DESTROY THE HABITAT AND SEVERELY LIMIT SPECIES RECOVERY.

I am writing to support the WDNR's proposals for ecological restoration, habitat management and quiet nature-based recreation on the former Badger Ammo lands but do NOT support proposed on/off-road motorcycles, high power rocketry and a future gun range because:

It is totally contrary to natural sites which are dwindling. These proposed uses are not necessary, not wanted, threaten species of plants, animals, and insects and will also increase air & noise pollution.

Stop bullying the citizen owned proposals!
