2019 Recycling Tonnage

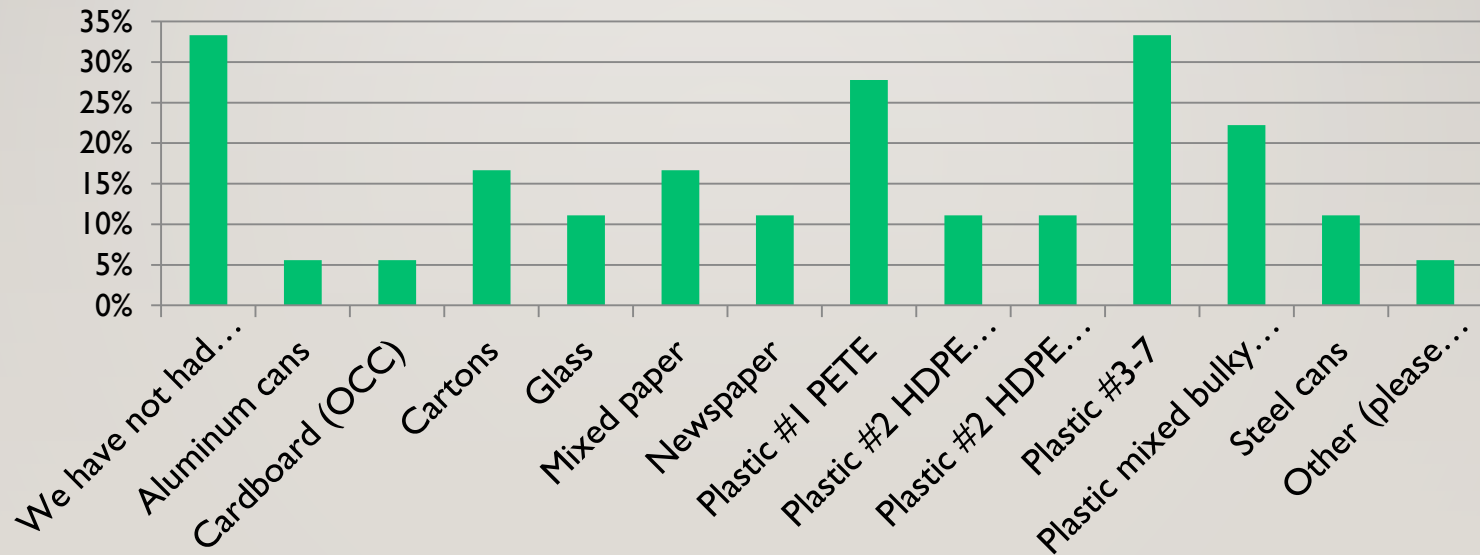

HOW DOES YOUR MRF RECEIVE MATERIALS?

Which of the following best describes your MRF?

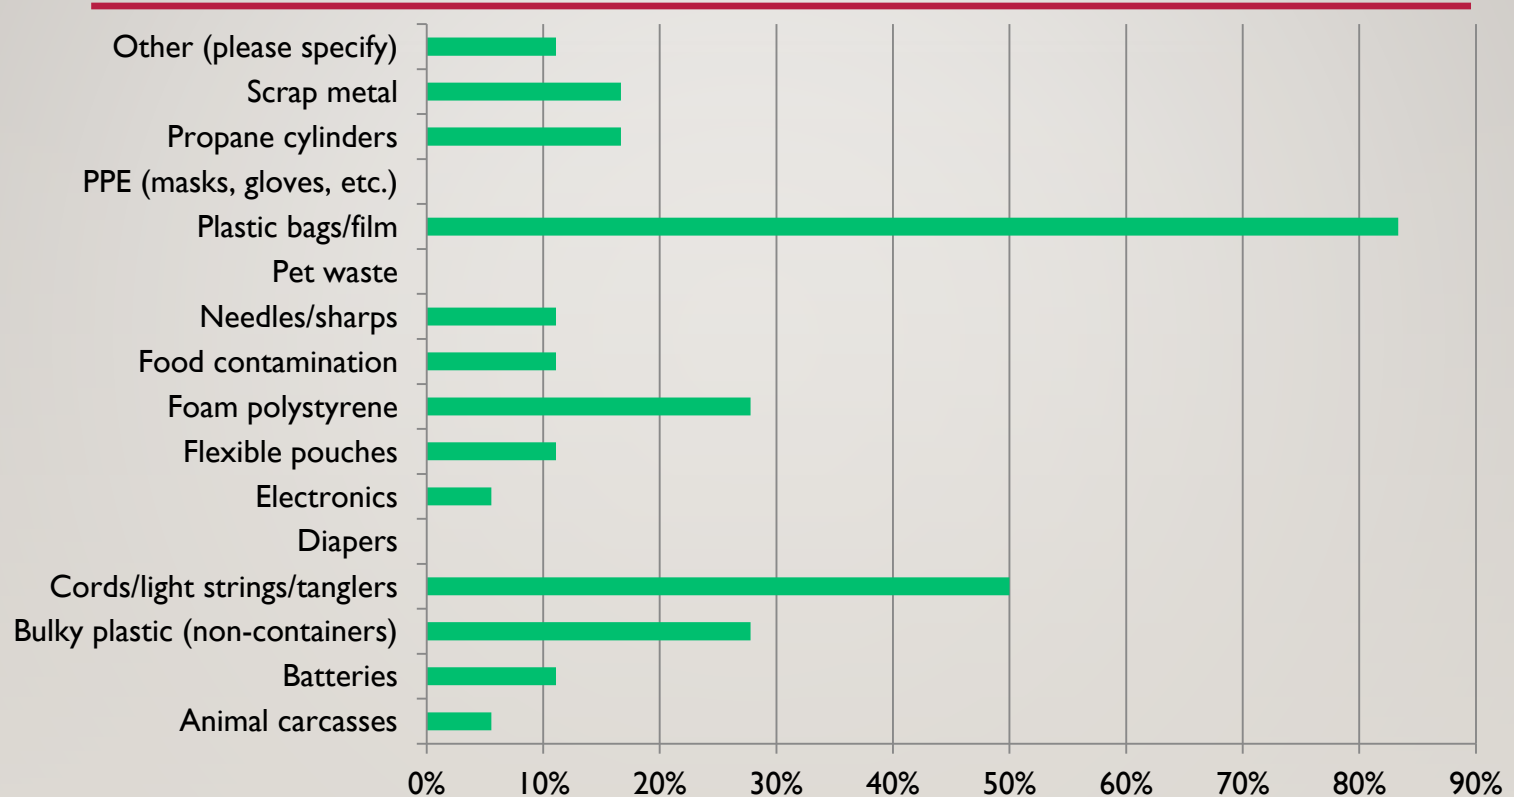

DIFFICULT TO MOVE MATERIALS

Which of the following materials have you had trouble marketing over the last six months?

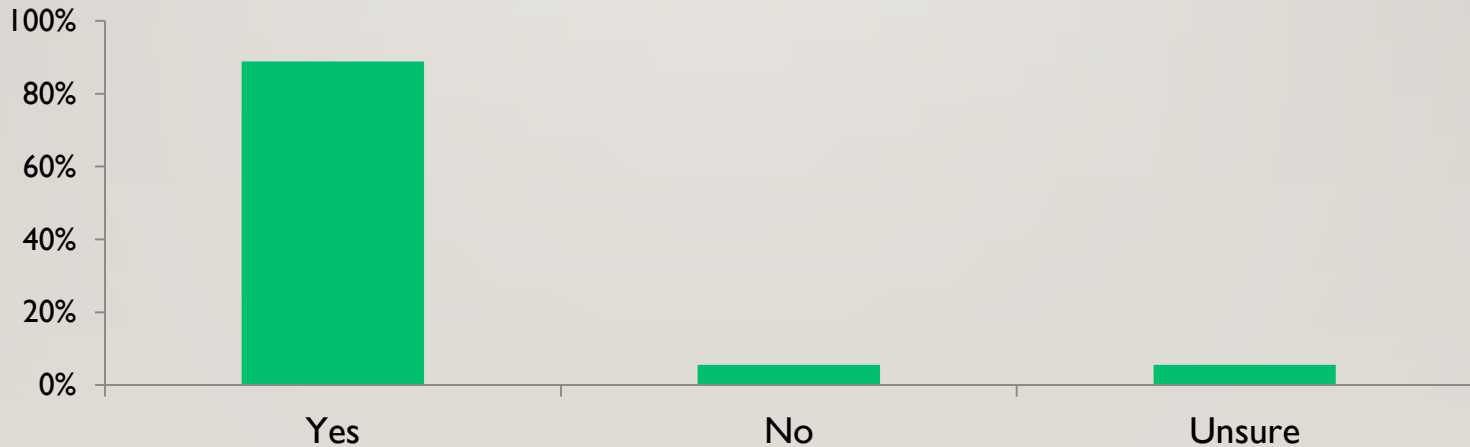

PROBLEMATIC CONTAMINATION

Please check the top THREE current biggest sources of contamination in your system (e.g., items that cause the most down time, biggest effect on commodity value or worker safety problems).

OUTREACH TO CUSTOMERS

In the last 12 months, has your facility/company/community undertaken any outreach to customers or residents to reduce contamination in incoming loads?
