\*Please note: The Shore Drive, Old Rearing Pond and Freestyle Oak sites are freestyle sites that will be planted to the species listed above. Shore Drive has been herbicide sprayed but has NOT been trenched. The Rearing Pond site has had no site prep of any kind. The Freestyle Oak site has had some dozer blade scarification over parts of the stand and no other site prep treatments. For Shore Drive and Old Rearing Pond, planters shall plant trees on an approximate 6x8 foot grid over the entire planting site. This equates to approximately 910 trees per acre. For Freestyle Oak, planting shall occur evenly over the entire site until all red oak stock on hand has been planted (15,000 trees).

\*\*Please note: The last site is an interplant site. It will be planted at the following approximate stocking rates:

Johnson Creek 2 - 110 Trees/Acre

All other sites are new planting sites and will be planted at the full rate of 910 Trees/Acre. Please refer to the planting maps and bid materials for more information.
