

BEFORE THE
STATE OF WISCONSIN
DEPARTMENT OF NATURAL RESOURCES

NOTICE OF FEASIBILITY REPORT AND
PRELIMINARY ENVIRONMENTAL IMPACT DECISIONS

NOTICE IS HEREBY GIVEN, pursuant to sections 289.24 and 289.25, Wis. Stats., that the Department of Natural Resources (DNR) has determined that the feasibility report submitted by Advanced Disposal Service's (ADS) environmental consultant Cornerstone Environmental and the environmental impact statement process for the proposed Seven Mile Creek Landfill – Sector 2 Northeast Expansion, license #3097 are complete.

The proposed solid waste disposal facility is located in the SE ¼ of Section 8, and the SW ¼ of Section 9, Township 27N, Range 8W, in the City of Eau Claire and Town of Seymour, Eau Claire County, Wisconsin. The address for the expansion is 8001 Olson Drive, Eau Claire, WI 54703. The proposed landfill expansion is a 12.5-acre horizontal expansion and a 22.0-acre vertical expansion of the existing landfill that would result in an increase in disposal capacity of approximately 4,130,000 cubic yards and add an estimated 7 years of site life. The approved maximum height of the landfill would increase my approximately 64 feet from the currently approved maximum height, to a peak elevation of 1165.5 feet above mean sea level.

A solid waste landfill feasibility determination is an integrated analysis action under s. NR 150.20(2)(a)7, Wis. Adm. Code. The DNR has completed an environmental analysis for the proposal and has made a preliminary determination that an environmental impact statement is not needed under s. 1.11, Wis. Stats. Pursuant to ss. 289.25(3) and 1.11, Wis. Stats., written comments by any person concerning the proposed solid waste disposal facility and the environmental analysis are invited. All written comments must be submitted to the DNR within 30 days after the date of posting this notice on the DNR's website at <https://dnr.wi.gov/topic/Waste/Comment.html>. Comments must be submitted to Aaron Kent, Department of Natural Resources, 1300 W. Clairemont Avenue, Eau Claire, WI 54701, or by e-mail to aaron.kent@wisconsin.gov.

A public hearing concerning the feasibility report may be requested in writing by any county, village, city or town, the applicant, or any 6 or more persons. The request shall indicate the interests of the municipality or persons who file the request and state the reasons why the hearing was requested. The hearing shall be conducted as an informational hearing utilizing the procedures in s. NR 2.135, Wis. Adm. Code unless the request filed indicates pursuant to section 289.27(1), Wis. Stats., that the hearing is to be treated as a contested case, as provided under section 227.42, Wis. Stats., and that:

1. A substantial interest of the person requesting the treatment of the hearing as contested case is injured in fact or threatened with injury by the DNR's action or inaction on the matter;
2. The injury to the person requesting the treatment of the hearing as a contested case is different in kind or degree from injury to the general public caused by the DNR's action or inaction on the matter; and
3. There is a dispute of material fact.

To receive consideration, all hearing requests shall be filed with the DNR by 4:30 p.m. within 30 days from when it is posted on the DNR webpage, either by delivery to the Office of the Secretary of the DNR at 101 South Webster Street, Madison, WI 53703 or by mailing to the Secretary, Department of Natural Resources by certified mail at the following address: Secretary of the Wisconsin Department of Natural Resources, P.O. Box 7921, Madison, WI 53707.

Copies of the complete feasibility report and the environmental analysis are available for public review at the following locations:
