- ◆ Listed as a River Friend in FWWA's River Clean Up follow up newsletter

**Thank You!**

Thank you for considering sponsoring our 2014 River Cleanup! Besides sponsorship, we hope that you will take part in the cleanup by registering a team of volunteers and joining in the fun! Volunteer registration will open in February. Sign up online to receive River Cleanup updates or like us on Facebook!

The Fox-Wolf Watershed Alliance is an independent non-profit organization working to find cost effective solutions to protect, restore, and sustain the water resources of the Fox-Wolf River Basin.

We value the water resources that our area has and believe working together - industries, municipalities, and citizens (both urban and rural) - can make a large impact on the quality of these resources.

**That is why we need your help!**

Your generous donation will help to fund a 1,000+ volunteer effort to remove garbage and debris from the Lower Fox River, stretching from the shores of Lake Winnebago to the Bay of Green Bay and the post cleanup River Celebration!

Volunteers will be assigned to one of thirty cleanup sites along the approximately seventy mile stretch of river.

The River Celebration, being held at Voyager Park in De Pere will gather volunteers for lunch,

music, face painting, educational booths and games for the whole family.

Our annual cleanup aims to build a sense of community and increase understanding of the environmental stewardship necessary to improve water quality in the region.
