Scandinavia, WI 54977

Subject: Standards Compliance from Grant Activity under Grant #TRC-WR08-49000-13

Dear Jeff and Lorainne,

Thank you for your most recent efforts to improve and protect our state's water resources. This letter is to acknowledge that you have successfully implemented nonpoint source pollution control best management practices on your farm under cost-share agreement TRM-13-JT. Installing practices under this cost share agreement has brought you into compliance with performance standards and prohibitions as described in the table below.

Name and Citation of Standard/Prohibition	Identification of Parcel Where Compliance Was Achieved
NR 151.02 Sheet, rill and wind erosion	006231001-09.02, 006231001-10.02
NR 151.05 (2) New facility construction	006231001-09.02, 006231001-10.02
NR 151.05 (4) Failing & leaking facility	
NR 151.06 Clean Water Diversions	006231001-09.02, 006231001-10.02
NR 151.08 (2) Manure facility overflow	006231001-09.02, 006231001-10.02
NR 151.08 (3) Unconfined manure pile	
NR 151.08 (4) Direct Runoff	
NR 151.07 Nutrient management	006231001-09.02, 006231001-10.02

In accordance with Ch. NR 151, Wis. Adm. Code, any cropland practice or livestock facility that is brought into compliance with a state performance standard or prohibition must remain in compliance in perpetuity regardless of future cost sharing. Since you are now deemed in compliance with state standards and prohibitions as identified above, it is required that you and any future landowners or operators maintain compliance with the standards and prohibitions at the parcels identified.

If you have any further questions, please contact Portage County Land Conservation at 715-346-1334.

Sincerely,

Steve Bradley, County Conservationist
Portage County Land Conservation
