Subject: Fitchburg Northeast Neighborhood Plan

Tony,

I just realized this email is sitting in my draft email box. I thought I sent it to you yesterday. Operator error on my part.

Brian

Dear Mr. Roach,

This email is an expression of my support for the City of Fitchburg's Northeast Neighborhood Plan.

As I mentioned in a meeting with City of Fitchburg Officials, the Oregon School District has experienced student growth over the past two decades as a result of residential housing growth. In today's public school funding system, student enrollment serves as a key support to our annual school budget.

We need planned student growth to survive and thrive as a school district. Additional student growth provides stability and growth to our annual budget that is utilized to fund our day-to-day budget expenses to support our core mission of student learning.

Unfortunately, I am not available to attend Thursday's meeting to share my support for the Fitchburg Northeast Neighborhood Plan.

Best wishes with your decision on the Northeast Neighborhood Plan.

Brian
