Subject: Sewer Service Area Plan Approval

Dear Mr. Lange:

We have completed our review and approve of the Watertown Year 2022 Sewer Service Area Plan. This Plan provides direction sewered development for the city and surrounding areas for the coming years and contains provisions through the designation of environmentally sensitive areas to protect critical resources in the planning area so that water quality is protected. Please note that as your plan is implemented, the City of Watertown should ensure that surface water and groundwater water quality is protected during and after development through construction site erosion control and stormwater control measures. Please send 3 copies of the final report to Ms. Lisa Helmuth, Bureau of Watershed Management.

The approval of this revision does *not* constitute approval of any of the following:

- private sewage systems pursuant to Chapter ILHR 83, (WI Admin. Code),
- sewer extension pursuant to Chapter NR 110, (WI Admin. Code),
- authority to alter the bed or banks of any navigable waterway (Chapter 30, WI Stats.),
- certification for any wetland alteration (Section 401, Federal Water Pollution Control Act, and NR 103, 299, WI Admin. Code).
- takings of threatened and endangered resources pursuant to Wisconsin Statutes 29.415

Those approvals must be obtained separately from the respective agencies. In addition, storm water management plan development is required for any construction site activity disturbing five or more acres of land pursuant to Chapter NR 216 (WI Admin. Code). Any person aggrieved by this approval has the right to appeal the decision. Wisconsin Statutes and Administrative Code establish time periods within which requests to review Department decisions must be filed. For judicial review of a decision pursuant to s. 227.52 and 227.53, Wisconsin Statutes, a petition for review must be filed within 30 days after service of the decision. The respondent in an action for judicial review is the Department of Natural Resources. This notice is provided pursuant to s. 227.48(20), Wisconsin Statutes.

Sincerely,

Charles R. Ledin, Section Chief
Great Lakes & Watershed Planning Section
Bureau of Watershed Management
