

To whom it may concern at the Freckmann Herbarium,

I have shipped a collection of pressed aquatic plant specimens to you for vouchering. The specimens were collected for the following: the DNR AIS Early Detection Project and Point Intercept Survey. Also included is the spreadsheet containing the information on the specimens.

Please send the results of the DNR AIS Early Detection Project specimens to the following people:

1. Original Collector: Christina Wolbers (Christina.Wolbers@wisconsin.gov)
2. Original Collector: Amy Kretlow (Amy.kretlow@Wisconsin.gov)
3. AIS Monitoring Lead: Maureen Ferry (Maureen.Ferry@wisconsin.gov)
4. Central office: Amanda Perdzoek (Amanda.Perdzoek@wisconsin.gov)
5. Database Manager: Jennifer Filbert (Jennifer.Filbert@wisconsin.gov)

Please send the results of the Point Intercept Survey to the following people:

1. Original Collector: Steve Klock (steve.klock@sheboygancounty.com)
2. Original collector: Bradley Steckart (Bradley.steckart@co.washington.wi.us)
3. Calumet County AIS Coordinator: Diane Schauer (Schauer.diane@co.calumet.wi.us)
4. DNR Regional Coordinator: Christina Wolbers (Christina.wolbers@wisconsin.gov)
5. DNR: Amy Kretlow (Amy.kretlow@wisconsin.gov)
6. DNR Research Scientist: Michelle Nault (Michelle.nault@wisconsin.gov)

Thank you for your time and expertise.

If you have questions you can contact Amy Kretlow at the information below.

Sincerely,

Amy Kretlow

Here are copies of the spreadsheet with my annotations. Please send copies to the people on your list.

The specimens are deposited in the UWSP herbarium and a copy of the annotated spreadsheet is in our files -

Robert W. Freckmann
