Norman Strebel
Strebel Dairy LLC
4421 Strebel Road
New Franken, WI 54229

Subject: Performance Standards and Prohibitions

Dear Strebel Dairy LLC,

Thank you for your most recent efforts to improve and protect our state's water resources. This letter is to acknowledge that you have successfully implemented nonpoint source pollution control best management practices on your farm under cost-share agreement TRM-06. Installing practices under this cost share agreement has brought you into compliance with performance standards and prohibitions as described in the table below.

Name and Citation of Standard/Prohibition	Identification of Parcel Where Compliance Was Achieved
Process Wastewater Handling (s. NR 151.055)	SC-375 NE1/4 SW1/4 Sec 8 T24N R22E SC-376 NW1/4 SW1/4 Sec 8 T24N R22E SC-377 SW1/4 SW1/4 Sec 8 T24N R22E

In accordance with ch. NR 151, Wis. Adm. Code, any cropland practice or livestock facility that is brought into compliance with a state performance standard or prohibition must remain in compliance in perpetuity regardless of future cost sharing. Since you are now deemed in compliance with state standards and prohibitions as identified above, it is required that you and any future landowners or operators maintain compliance with the standards and prohibitions at the parcels identified.

This letter only addresses the compliance status on your farm resulting from practices installed under the cost share agreement identified above. There may be additional information on file for your farm concerning your compliance status with state performance standards and prohibitions. If you have any further questions, please contact me at (920) 391-4638.

Sincerely,

Jon Bechle, Assistant County Conservationist
Brown County Land and Water Conservation Department

Cc: Erin Hanson, DNR Nonpoint Source Coordinator
