**Discuss Following Prevention Steps with Boater**

WI Law requires boaters to take the following steps when leaving a boat landing:

**Steps 1 & 2: Inspect boat, trailers and equipment and remove any attached plants/animals.**

» Have you heard of this before? (see prompt)

**Step 3: Drain all water from boats, vehicles and equipment.**

» Do you have any questions? (see prompt)

**If angler, state following steps:**

**Step 4: Drain water from livewells and containers holding your catch.**

» This is a relatively new law. Were you aware that this is required? (see prompt)

**Do you use live bait? (If YES, share message below)**

**Bait Message:** If live bait comes in contact with lake/river water, it can only be used on that same waterbody or discarded in trash (bait=live news/leeches/worms)

» Do you have any questions on this law as it can be a little confusing? (If yes, see Prompt and offer bait sticker/brochure)

Number of	I feel confident that boater understands the steps necessary to prevent the spread of AIS. (Check one)			
	Strongly Agree	Agree	Disagree	Strongly Disagree
