

Ordinance (No. 9) 7902

AN ORDINANCE TO REGULATE PLACEMENT OF MARKER BUOYS UPON THE WATER OF PLACID LAKE FOR THE PURPOSE OF PROVIDING SLOW-NO-WAKE AREAS

The intent of this ordinance is to place eight (8) marker buoys according to the following descriptions and attached Lake Survey Map of Placid Lake of the Tiger Cat Flowage Chain located in Section 19, Township 41, Range 7 West.

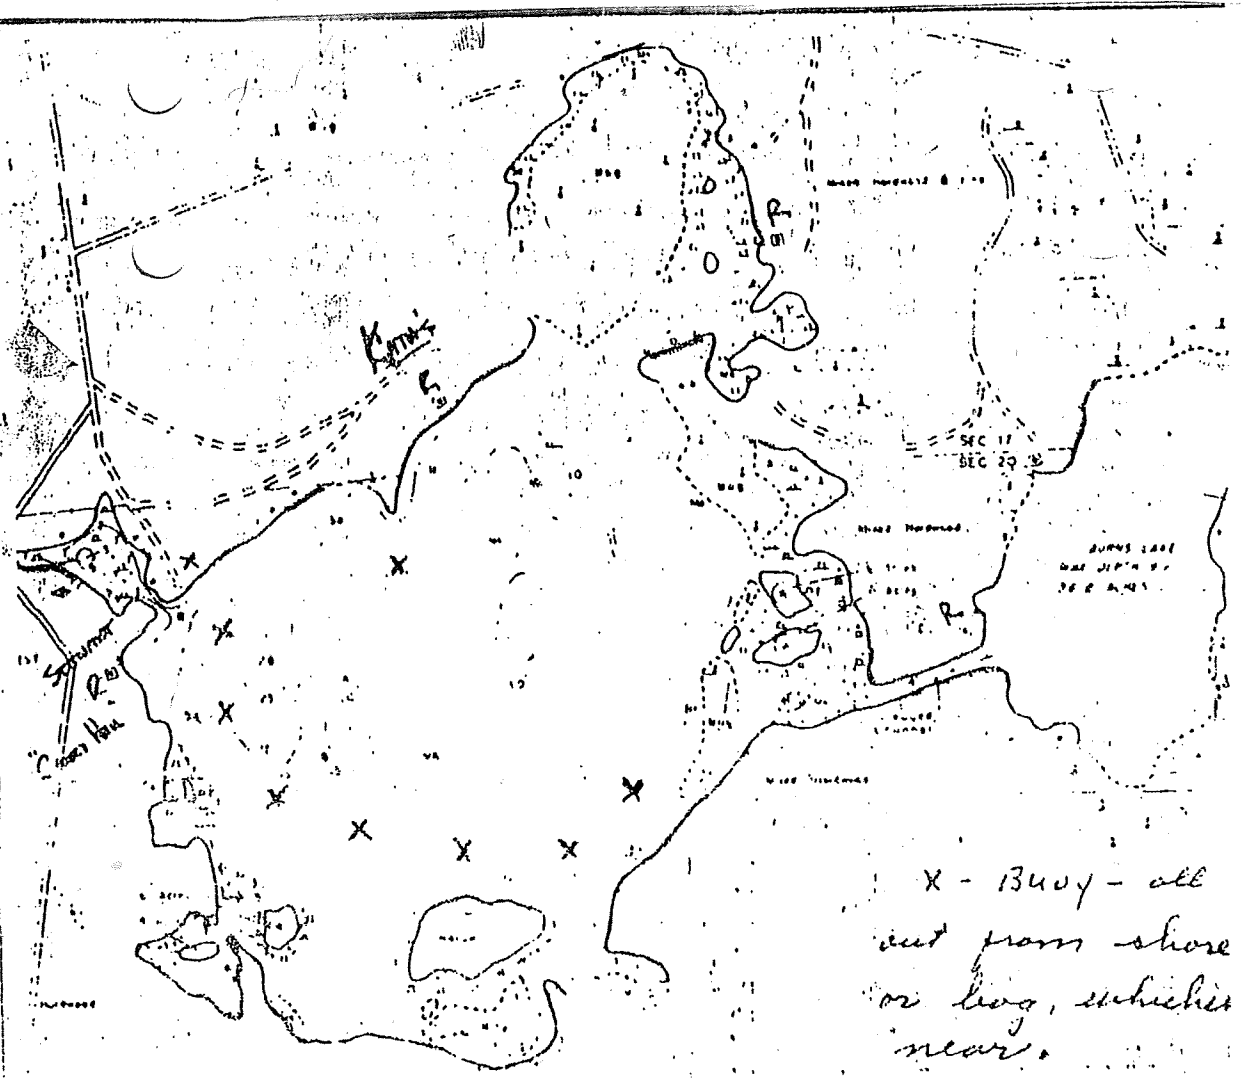

Placement is as follows:

A marker buoy to be placed approximately 250ft. due south of a point commonly known as Kath's Point. The next marker buoy is to be placed 250ft. from the mouth of the channel into "the Pond", the next marker is due south, the next is south-south-east, with the next four following the shoreline of the west side of the lake, and the last ones on the south shore. These markers are to be placed 250ft from the closest shoreline, bog or island according to the attached map.

Herbert R. Lavin Chairman
Town Board of Supervisors
Town of Round Lake

ATTEST:

Alvin Pappas Clerk.

ORDINANCE NO. 9

AN ORDINANCE TO REGULATE PLACEMENT OF MARKER BUOYS UPON THE WATER OF PLACID LAKE FOR THE PURPOSE OF PROVIDING SLOW-NO WAKE AREAS.

The intent of this ordinance is to place eight (8) marker buoys according to the following descriptions and attached Lake Survey Map of Placid Lake of the Tiger Cat Flowage Chain located in Section 19, Township 41, Range 7 West.

Placement is as follows:

A marker buoy to be placed approximately 250 ft. due south of a point commonly known as Kath's Point. The next marker buoy is to be placed 250 ft. from the mouth of the channel into "the Pond", the next marker is due south, the next is south-south-east, with the next four following the shoreline of the west side of the lake, and the last ones on the south shore. These markers are to be placed 250 ft. from the closest shoreline, bog or island according to the attached map.
