Exotic Species Annual Monitoring Report

This report presents the results of monitoring undertaken on July in July of 1998. On July 29, Arnold Abrahamson, Fisheries Technician from the Michigan Department of Natural Resources and Daniel Graff, an employee of the City of Crystal Falls, canoed the shoreline from a point approximately 1.5 miles upstream of the dam down to the boat landing on the eastern shore of the impoundment. Areas between the boat landing and Fairbanks Road were visibly inspected from the shore.

No individual or populations of either loosestrife or Eurasian water milfoil were found.

Sincerely,

CITY OF CRYSTAL FALLS
