Discuss Following Prevention Steps with Boater

WI Law requires boaters to take the following steps when leaving a boat landing:

Steps 1 & 2: Inspect boat, trailers and equipment and remove any attached plants/animals.

» Have you heard of this before? (see prompt)

Step 3: Drain all water from boats, vehicles and equipment.

» Do you have any questions? (see prompt)

If angler, state following steps:

Step 4: Drain water from livewells and containers holding your catch.

» This is a relatively new law. Were you aware that this is required? (see prompt)

Do you use live bait? (If YES, share message below.)

Bait Message: If live bait comes in contact with lake/river water, it can only be used on that same waterbody or discarded in trash. (bait=minnows/leeches/worms)

» Do you have any questions on this law as it can be a little confusing? (If yes, see Prompt and offer bait sticker/brochure)

Number of People Contacted	I feel confident that boater understands the steps necessary to prevent the spread of AIS. (Check one)
