Hello all,

Here are my verified plant vouchers. For the various invasives, plant incident forms have been completed and submitted. I included Dr. Freckmann on this email as verification that he and I reviewed the specimens. I noticed after I left that I don't have his name or signature on the scans.

Let me know if I have missed anything.

Chris

Dr. Freckmann,

I have some pressed aquatics from a point intercept survey and AIS vouchers that need verification, approximately 20 specimens. Would you be able to schedule a time to meet and go through them? I am right in Stevens Point so my schedule is very flexible. Please let me know if this will work and the best time to meet.

Thank you,

Chris
