

Explore and Restore

The Manitowoc River

Clean Up 2013

Where: Meet at Manitou Park parking lot in Manitowoc; we will paddle as far as the river will allow towards the YMCA. This will depend upon several factors: weather conditions, number of workers and how clean or dirty the river is.

When: June 8, 2013 at 10:00 am

Who: Anyone who has a desire to clean our waterway

How: We will clean by foot, canoe or kayak but you must be able to provide your own recreational boats. We cannot provide them. We can transport from the YMCA back to Manitou Park only. If you don't have a boat and wish to sign up to clean the river's edge, by foot, please notify Kim Kettner, 920-242-1993 or email kkettner@hotmail.com. All supplies except working gloves are provided. Life preservation jackets are required for all participants in a boat of any kind. (No make-up date is scheduled.)

This event is run in partnership with the LNRP, Manitowoc YMCA and American Rivers.
