UNITED STATES OF AMERICA
FEDERAL ENERGY REGULATORY COMMISSION

Lake Superior District Power Company) Project No. 2430-000

NOTICE OF EXEMPTION FROM LICENSING

(September 2, 1982)

Issued

A notice of exemption from licensing of a small hydroelectric project known as Ladysmith Hydro Project, Project No. 2430, was filed on July 12, 1982, by Lake Superior District Power Company. The proposed hydroelectric project would have an installed capacity of 3,150 kW and would be located on the Flambeau River, in Rusk County, Wisconsin.

Pursuant to Sections 4.109(c) and 375.308(ss) of the Commission's regulations, and subject to the terms and conditions set forth in Section 4.111 of the Commission's regulations, the Director, Office of Electric Power Regulation, issues this notification that the above project is exempted from licensing as of August 11, 1982.

Lawrence R. Anderson
