

Check 1124 to Amanda Kostner, The Green Frog, was a \$70 payment to come to our annual meeting on May 24, 2015 to give an educational presentation regarding rain gardens and native shore plantings. Handouts regarding rain gardens and native shore plantings were provided to property owners who attended the meeting. Check 1128 to Amanda was a \$214.50 payment for providing consultation services to Dick Hyllestad, a property owner on the lake. Mr. Hyllestad went forward with two small native plantings. The map below shows the location of Mr Hyllestad's property and the two photos below are from the 2015 annual report and they show the completed plantings.

ANNUAL MEETING AND LAKE EVENT

The ELA held its annual membership meeting on May 24, 2015 from 9:00am to 12:00pm at the cul-de-sac off 15-1/2 Avenue.

Property owners were again approached about installing rain gardens and/or native plantings along the shores of Echo Lake. One property owner, Dick Hyllestad completed a shoreland inventory and small shoreland native planting based on recommendations made by The Green Frog shoreland consulting company. Figure 5 shows photos of the two small native plantings that were completed.
