Subject: Long Lake Management Plan Amendment Approval Request

Dear Mr. Langer,

This letter is to notify the Long Lake Protection & Rehabilitation District that the Long Lake Management Plan along with the October 2017 Water Quality Goal Amendment meets the criteria of NR 191.45 and thus the Wisconsin DNR has approved the Plan. Management activities identified in the Plan are eligible for funding under Administrative Code chapters NR 190, NR 191, and NR 198 subject to the eligibility requirements of those programs.

Furthermore, the Department must certify that all proposed projects recommended in an approved plan comply with the provisions of the Wisconsin Environmental Policy Act (WEPA). This certification could involve additional public informational meetings or other environmental assessment action.

Thanks to you and the lake community for continuing your efforts to protect and improve Long Lake.

Sincerely,

A handwritten signature in black ink, appearing to read 'Alex Smith'.

Alex Smith  
Lake Biologist
