SUBJECT: Amendment to the Dane County Water Quality Management Plan

Dear Mr. Lane:

We have completed our review and approve of the requested amendment to the Dane County Water Quality Management Plan adding 9.8 acres to the Cross Plains Urban Service Area Boundary. The area added includes 4.1 acres of environmental corridors for a net developable acreage of 5.7 (see map Resolution RPC No. 981). The Village of Cross Plains should ensure that DCRPC stormwater conditions are met to protect receiving waters and other sensitive resources in the service area.

The approval of this revision does *not* constitute approval of any of the following:

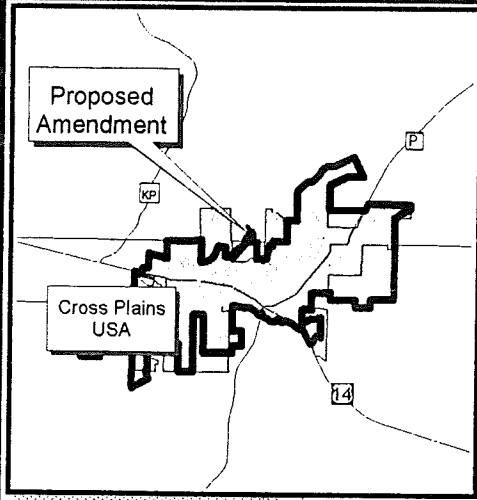

- private sewage systems pursuant to Chapter COM 83 (WI Admin. Code),
- sewer extension pursuant to Chapter NR 110 (WI Admin. Code),
- authority to alter the bed or banks of any navigable waterway (Chapter 30, WI Stats.),
- certification for any wetland alteration (Section 401, Federal Water Pollution Control Act, and NR 103, 299, WI Admin. Code),
- takings of threatened and endangered resources pursuant to Wisconsin Statutes 29.415

Those approvals must be obtained separately from the respective agencies. In addition, storm water management plan development is required for any construction site activity disturbing five or more acres of land pursuant to Chapter NR 216 (WI Admin. Code). Any person aggrieved by this approval has the right to appeal the decision. Wisconsin Statutes and Administrative Code establish time periods within which requests to review Department decisions must be filed. For judicial review of a decision pursuant to s. 227.52 and 227.53, Wisconsin Statutes, a petition for review must be filed within 30 days after service of the decision. The respondent in an action for judicial review is the Department of Natural Resources. This notice is provided pursuant to s. 227.48(20), Wisconsin Statutes.

Sincerely,

Charles R. Ledin, Section Chief
Great Lakes & Watershed Planning Section
Bureau of Watershed Management
