**SUBJECT: Amendment to the Dane County Water Quality Plan, Revising the Cross Plains Urban Service Area Boundary and Environmental Corridors**

Dear Mr. Lane:

We have completed our review of the proposed changes to the Cross Plains Urban Service Area of the Dane County Water Quality Plan and approve of this amendment (Resolution RPC No. 916). This amendment adds 77.5 acres to the Urban Service Area, including 3.8 acres of existing development and 22.5 acres of environmental corridors, for a net increase of 51.2 acres of developable land. To the greatest extent possible, the Village should adhere to the recommendations for erosion control and stormwater identified in the attached letter by Bruce Moore, SCR-Fitchburg.

The approval of this revision does not constitute approval of any of the following:

- private sewage systems pursuant to Chapter ILHR 83, (WI Admin. Code),
- sewer extension pursuant to Chapter NR 110, (WI Admin. Code),
- authority to alter the bed or banks of any navigable waterway (Chapter 30, WI Stats.),
- certification for any wetland alteration (Section 401, Federal Water Pollution Control Act, and NR 103, 299, WI Admin. Code).
- takings of threatened and endangered resources pursuant to Wisconsin Statutes 29.415

Those approvals must be obtained separately from the respective agencies. In addition, storm water management plan development is required for any construction site activity disturbing five or more acres of land pursuant to Chapter NR 216 (WI Admin. Code).

Any person aggrieved by this approval has the right to appeal the decision. Wisconsin Statutes and Administrative Code establish time periods within which requests to review Department decisions must be filed. For judicial review of a decision pursuant to s. 227.52 and 227.53, Wisconsin Statutes, a petition for review must be filed within 30 days after service of the decision. The respondent in an action for judicial review is the Department of Natural Resources. This notice is provided pursuant to s. 227.48(20), Wisconsin Statutes.

Sincerely,

Charles R. Ledin, Section Chief  
Great Lakes & Watershed Planning Section  
Bureau of Watershed Management
