- No Existing or Potential WQ Problems

OUTSTANDING RESOURCE WATER EVALUATION (continued)

Stream Name: _____
Reach Designation: Hunting River Haystack Co

CRITERIA

RELATED INFORMATION

SOURCES OF POLLUTION

No significant impacts from point sources or culturally induced nonpoint sources

Older sewage lines discharge on a fill & draw basis to a tributary of the Hunting River

If this stream reach did not receive a check in each of the 5 categories but, based on your professional judgement and overriding environmental concerns, you still believe that this should be an Outstanding Resource Water, explain why.
