RE: Urban Nonpoint Source & Stormwater Management Program
Grant No. USP-CW16-37068-06
Project: Stormwater Planning
Amendment # 1 - Extension

Ms. Rhoden:

I am pleased to approve this Urban Planning grant amendment to extend the grant period. All terms and conditions of the original grant remain in force.

As with the original grant, there are a number of steps where you must obtain **prior** departmental review and authorization before proceeding (please see the attachment, *Grantee Responsibilities*). Also, be aware that modifications both to the grant's cost-share amount and to the scope of eligible activities may be made during the department's review of the consultant contract: Grant-eligible costs may be prorated and the grant authority modified.

An original and a copy of this amendment are enclosed. To accept this amendment, sign the original and the copy on the signature lines provided for your authorized representative. Please return the signed **original**, along with the completed *Grantee Contact Page*, to the Bureau of Community Financial Assistance. Retain the copy.

Please review this amendment thoroughly with Micah Oriedo of the West Central Region - Wausau office at 715-359-2402 or Tim Parsons of the Bureau of Community Financial Assistance at 608-267-9385. Thank you for your continued cooperation with Wisconsin's Targeted Runoff Management program.

Sincerely,

Debra Martinelli, Director
Bureau of Community Financial Assistance
