

**Notice:** This application form template was drafted by the Wisconsin Department of Natural Resources. Application is hereby made to the Wisconsin Department of Natural Resources, Bureau of Watershed Management, for grant assistance consistent with s. 281.65, Wis. Stats., and Chapters 153 and NR 154, Wis. Adm. Code. Collection of this information is authorized under the authority of s. 281.65, Wis. Stats. The information contained in this form will be used for program budget analysis and project evaluation in the Targeted Runoff Management Grant Program. Personally identifiable information collected will be used for program administration and may be made available to requesters as required under Wisconsin's Open Records Law [ss. 19.31 - 19.39, Wis. Stats.]. *Unless otherwise noted, all citations refer to Wisconsin Administrative Code.*

**Instructions:** Complete all sections as applicable.

**A. Project Name**

**Dahlke Project**

This application form template was drafted by the Department of Natural Resources.

TRM Grant Project Name
------------------------

**Project Information (continued)**

**B. Project Area Location**

County

**Kewaunee**

Minor Civil Division Name (city, village, town, etc. – ex. Wrightstown, Village of)	Township (N)	Range	E or W	Section	Quarter	Quarter- Quarter	Latitude ( <b>North</b> , degrees, minutes, seconds <b>only</b> )	Longitude ( <b>West</b> , degrees, minutes, seconds <b>only</b> )
<b>Montpelier Township</b>	<b>23</b>	<b>23</b>	<b>E</b>	<b>9</b>	<b>SE</b>	<b>SW</b>	<b>44 28' 21.8"</b>	<b>87 42 35.9"</b>

Method for Determining Latitude & Longitude (check one)

- GPS
- DNR WebView or Surface Water Data Viewer
- Other (specify):

**C. Project Summary**

Under this Kewaunee River Watershed Project, the BMP NR 154.04 (3) Manure Storage System is being planned for the Dahlke's who currently have no manure storage facilities. With spreading restrictions in the winter increasing, the land that the Dahlke's own/rent (300 acres) to spread decreases. The Dahlke's cropland is surrounded by water quality issues, including the vicinity of the Scarboro Creek. Portions downstream of the Scarboro Creek are Class II brown trout waters, which means any impacts upstream can potentially impact water quality.

We are planning on constructing a concrete lined manure storage (150 x 158 x 14' deep) with a reception pit, which will be approximately 7 months of storage. All the barnyard liquids will be captured and pumped into the manure storage.

According to Dahlke's Nutrient Management Plan, Dahlke has 9 fields that range from 40ppm - 86ppm of Phosphorus. And approximately 152 acse available to winter spreading, however, a majority of those acres are intertwined within restricted areas and are not accessible from the farm (located in the back of fields). Therefore, daily hauling occurs on the same fields, which increase the Phosphorus levels and on land that is less than 1000 feet from the Scarboro Creek.

**D. Watershed and Waterbody** (see **Attachment A**. Example: Watershed Name: Oconomowoc River; Watershed Code: UR09; Primary Waterbody Name: Oconomowoc River; Nearest Waterbody: Flynn Creek.)

Watershed Name	Watershed Code	Primary Waterbody Name	Nearest Waterbody Name
<b>Kewaunee River</b>	<b>TK03-100</b>	<b>Kewaunee River</b>	<b>Scarboro Creek</b>

*Note: If the project is in more than one watershed, submit a separate application for each watershed, unless this application is for a high-efficiency street sweeper.*

Yes No

**E. Project Target**

- 1. The project will control agricultural runoff.
- 2. The project will control urban runoff.

**F. Request for Funding for "Total Maximum Daily Load" Implementation**

TRM Grant Project Name
------------------------

**Project Information (continued)**

- 1. Requesting funding for eligible best management practices (BMPs) which will directly implement the pollutant-specific goals of a public comment draft (as of April 9, 2009) or an EPA-approved Total Maximum Daily Load (TMDL).  
a. If "Yes", provide the title of TMDL report this project addresses.

- 2. Final reimbursement for eligible, TMDL implementation project costs will be requested no later than September 20, 2011.

**G. Request for Funding of Land Acquisition or Easements**

- Requesting funding for either land acquisition or purchase of easements as part of this application to support eligible BMPs. If "Yes", attach the property acquisition proposal, as defined in **Attachment B.**, to the completed application form.

**H. Request for Retroactive Funding for Design Costs**

- Requesting reimbursement for design costs that have been or will be incurred before issuance of the grant.

**I. Request for Funding for Force Account Work**

- Requesting reimbursement for technical services to be performed by governmental unit staff (force account).

**J. Endangered and Threatened Resources, Historic Properties, and Wetlands**

Check the appropriate box for each question based on what the governmental unit knows to occur where the project disturbs land. If you have no evidence of the items below, check "No."

- 1. There are endangered or threatened resources, as identified in s. 29.604, Wis. Stats., and ch. NR 27 in the project area.
- 2. There are archaeological sites, historical structures, burial sites, or other historic places identified in s. 44.45, Wis. Stats., in the project area.
- 3. There are wetlands in the project area that are governed by water quality standard provisions of ch. NR 103.

**K. Environmental Contamination**

- The applicant is aware of environmental contamination [other than nonpoint source pollution, e. g., volatile organic compounds (VOCs), or polychlorinated biphenyls (PCBs)] of the soil and/or groundwater or potential for contamination in the project area.

**L. Urban Projects Only: Pro-rating for Existing versus New Development**

- Project will serve existing development only. If no, provide attachments and the following:

100%	Percentage of total design volume that will be generated by <u>existing</u> development. (change default % if necessary)
------	--

**M. Urban Projects Only: Alternative Funding Possibility**

- This applicant requests that the DNR also submit a copy of this application to the Clean Water Fund loan program.

**N. Environmental Hazards Assessment Form**

- If this is a project that includes excavation, or purchase of land or easement, the Environmental Hazards Assessment Form (1800-001) has been completed and **is** attached. (See **Attachment H.**)

TRM Grant Project Name
------------------------

**Part I. Screening Requirements**

Yes  No

**A. Map**

An 8.5" x 11" topographic map from USGS or the DNR data/map viewers, showing the project area, is attached. If you intend to claim Bonus Points in Part III. Question 5 (Water Quality Needs), include a map of the wellhead area(s), or surface water body.

**B. Best Management Practices (BMPs) For Which DNR Funding Is Requested** (check all that apply)  
(see **Attachment D.** for additional BMP information)

**C. Filters**

Note: You must be able to answer "Yes" to Questions 1. through 5., and 8., and "Yes" or "N/A" (Not Applicable) to Questions 6. through 9. to be eligible for a grant.

- |                                     |                          |  |
|-------------------------------------|--------------------------|--|
| Yes                                 | No                       |  |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | 1. Project will be completed within 24 months of the start of the grant period.  |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | 2. Staff and contractors designated to work on this project have adequate training, knowledge, and experience to implement the proposed project.   |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | 3. Staff or contractual services, in addition to those funded by this grant, will be provided if needed.   |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | 4. Best management practices constructed under this grant will not work at cross-purposes to (are consistent with) agricultural and non-agricultural performance standards under ch. NR 151 (see <b>Attachment E.</b> ). |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | 5. The local DNR Regional Nonpoint Source Coordinator (see <b>Attachment C.</b> ) has been contacted about this project:   |

Name of the Regional Nonpoint Source Coordinator Contacted	Date Contacted	Subject of Contact
Amy Callis (NE Area DNR)	2/26/2009	TRM Grant

- |                          |                          |                                     |   |
|--------------------------|--------------------------|-------------------------------------|---|
| Yes                      | No                       | N/A                                 |   |
| <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> | 6. If this is an application to construct ponds that connect with navigable waterways or in wetlands under ch. NR 343, the necessary waterway or wetland permit (chs. 30 or 281, Wis. Stats.) has been issued. If "Yes", give the permit number and date of decision. |

Date of Decision	Permit Number

Please be aware that receipt of a **docket** number does **not** imply permit issuance. The receipt of the docket number merely acknowledges that your permit application has been received and has been assigned a place in the "review queue."

- |                                     |                          |                                     |   |
|-------------------------------------|--------------------------|-------------------------------------|---|
|                                     |                          |                                     | 7. If this is a proposed urban TRM project which requires that the applicant have control of the property, you must either:   |
| <input type="checkbox"/>            | <input type="checkbox"/> | <input checked="" type="checkbox"/> | a. currently have control of this property; or  |
| <input type="checkbox"/>            | <input type="checkbox"/> | <input checked="" type="checkbox"/> | b. submit documentation with this application that you will obtain control of this property prior to the commencement of the grant period for this project.   |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | 8. If this is an agricultural application for a livestock facility, you must attach a current Wisconsin Animal Units Calculation Worksheet (Form 3400-25a, available at: <a href="http://dnr.wi.gov/runoff/pdf/ag/cafo/form340025a.doc">http://dnr.wi.gov/runoff/pdf/ag/cafo/form340025a.doc</a> ). |
| <input type="checkbox"/>            | <input type="checkbox"/> | <input checked="" type="checkbox"/> | 9. If this is a joint application among local units of government (LUGs), a DRAFT Inter-Governmental Agreement (IGA) is attached. (See <b>Attachment I.</b> )   |

**If you answered "No" to one (1) or more of the items in Question C., above, stop here. The project is ineligible.**

**D. Eligibility: Reason For Controlling Nonpoint Source Pollution In The Target Area**

- |                                     |                                     |  |
|-------------------------------------|-------------------------------------|--|
| Yes                                 | No                                  |  |
| <input checked="" type="checkbox"/> | <input type="checkbox"/>            | 1. The need for compliance with performance standards established by the DNR in ch. NR 151.  |
| <input type="checkbox"/>            | <input checked="" type="checkbox"/> | 2. The existence of nonpoint-source-impaired water bodies that the DNR has identified to the U.S. EPA under 33 USC 1313 (d)(1)(A), commonly referred to as the "s. 303(d) List." |
| <input type="checkbox"/>            | <input checked="" type="checkbox"/> | 3. The existence of outstanding or exceptional resource waters, as designated by the DNR in ss. NR 102.10 and NR 102.11.   |
| <input type="checkbox"/>            | <input checked="" type="checkbox"/> | 4. Other water quality concerns of statewide or national significance. ( <u>Important</u> : You may only check this  |

TRM Grant Project Name

**Part I. Screening Requirements (continued)**

box if you are eligible to score ten (10) points in Part II., Question 4. "Basin Priorities" of this application.)

5. The existence of threats to public health.
6. The existence of an animal feeding operation that has received a notice of discharge (NOD) under ch. NR 243 or a notice of intent (NOI) to issue a notice of discharge.

***If you answered "Yes" to one or more of the items in Question D., above, continue to Part II. Otherwise, stop here. The project is ineligible.***

TRM Grant Project Name
------------------------

**Part II. Minimum Qualifications**

**Question 1. Fiscal Accountability**

**A. Timeline and Source of Staff**

For each applicable milestone listed below, fill in the appropriate data:

Milestone	Target Completion Date (month/year)	Source of Staff
Completion of design	March 2009	NRCS - Kewaunee County
Obtaining required permits	March - June 2009	NRCS - Landowner
Landowner contacts	November 2008 - Current	NRCS
CSA signing	<b>January 2010</b>	LWCD / Landowner
Bidding	September - December 2009	Landowner
DNR approvals	September - December 2009	LWCD
Contract signing	January 2010	LWCD / Landowner
BMP construction	<b>May - August 2010</b>	LWCD / NRCS / Contractor
Site inspection and certification	September 2010	LWCD / NRCS
Project evaluation	September 2010	LWCD / NRCS
Purchase street sweeper (urban only)	N/A	
Other (specify)		

**B. Adequate Financial Budget**

Provide the following information for the project. The grant amount is capped at \$150,000.

FINANCIAL BUDGET TABLE

A.	B.	C.
Project Activity for Which <u>DNR Funding</u> is Requested	Estimated Total Cost (\$)	Amount from Column B Eligible for DNR Cost Sharing (\$)
Construction Components:		
Excavation (2489 cu yards)	6,223	6,223
Fill (6008 cu yards)	12,016	12,016
Reinforced Concrete Liner (19760 square feet)	55,328	55,328
Concrete Curing Compound (99 gallons)	693	693
Fourteen Foot Gate	100	100
Embankment Seeding (1 acre)	150	150
Perimeter Fence (528 In ft)	2,910	2,910
Reception Tank	6,000	6,000
Twelve inch transfer line (170 In ft)	3,400	3,400
Piston Pump	16,000	16,000
1. Construction Subtotal	\$102,820	\$102,820
2. Engineering Services (including design)	\$0	\$0
3. Storm Sewer Reroute (Urban projects only)	\$0	\$0
4. Structure Removal (Urban projects only)	\$0	\$0
5. Subtotal: [add Rows (1.) through (4.)]	\$102,820	\$102,820
6. Property Acquisition: Fee Title & Easement	\$0	\$0
7. Grand Total: [add Rows (5.) and (6.)]	\$102,820	\$102,820

TRM Grant Project Name
------------------------

**Part II. Minimum Qualifications (continued)**

**Cost-Sharing Worksheet**

**Eligible Costs:**

		Prorate %	Cost-Share %	
8. Construction, engineering services, etc.		100%	70%	\$ 71,974
Costs Specific to <b>Agricultural</b> Projects:				
9. Land Purchase (Fee Title)	\$0	-	50%	\$ 0
10. Agricultural Easements	\$0	-	70%	\$ 0
Costs Specific to <b>Urban</b> Projects:				
11. Property Acquisition: Fee Title and Easement	\$	100%	50%	\$ 0
12. Storm Sewer Rerouting		100%	50%	\$ 0
13. Structure Removal		100%	50%	\$ 0
14. Total Eligible Costs: [sum Rows (8.) through (13.)]				\$ 71,974
<b>Cap Test:</b>				
15. Maximum State Share: [(Row 14.) or \$150,000, whichever is less]				\$ 71,974
<b>State and Local Share:</b>				
16. Requested State-Share Amount (Requested Grant Amount)				\$ 71,974
17. Local-Share Amount: [(Row 7.), Column B. less (Row 16.)]				\$ 30,846

Method(s) Used to Calculate Cost Estimates

**A full topographic survey was done by the NRCS technician before costs were derived and soil borings were taken. Once sizes were determined, we used average cost estimates of each component as determined by surrounding county cost average sheets from the year prior, and determined by the Land & Water Conservation Department / NRCS staff using various engineering spreadsheets developed for Wisconsin.**

**C. Cost-Effectiveness**

**At a minimum, you must provide narrative answers to Parts C. 1. and C.2. You are advised to answer Part C.3., though you are not required to do so.**

- Describe the environmental benefits this project will achieve. If you have already described this to your satisfaction in the Project Summary (Project Information, Part C.), you may answer here: "See Project Summary."  
**The Dahlke farm will be able to store nutrients from cow manure / barnyard runoff / milkhouse waste (Nitrogen / Phosphorus) instead of spreading in the wet springs, fall, and winter months.**
- Describe why the proposed management measures are a reasonable means to attain the project benefits based upon such factors as cost, effectiveness, site feasibility, available technical standards, and practicality.  
**The BMP's used here are the most cost-effective. The concrete lined manure storage is the most economical way to store manure for this farm due to the soils. Capturing Dahlke's manure waste will eliminate the need for winter spreading and they already follow a Nutrient Management Plan.**
- If you evaluated one or more alternative management measures, describe why the alternative(s) is not being recommended.  
**The alternative would be a Pipping or Slurry Store structure or a vertical concrete wall. These options are more expensive then the in-ground / concrete lined storage.**

TRM Grant Project Name

**Part II. Minimum Qualifications (continued)**

**Question 2. Project Evaluation Strategy**

The applicant must agree to provide a description of the modeled results or changes in pollution potential in the final project report. The project evaluation strategy will be based on comparing pre- and post-project changes in modeled pollutant loading to water resources or will be based on the quantity of units managed.

**A. Modeling and Measures of Change**

Pre- and post-project evaluation measures that the applicant will use to ensure success in meeting project goals: (check all that apply)

	<b>Agricultural Performance Standard or Prohibition</b>	<b>Units of Measure</b>	<b>Recommended Measurement Method</b>
<input type="checkbox"/>	Sheet, rill and wind erosion	Acres meeting T	RUSLE-2 or wind erosion model

<input type="checkbox"/>	Other (specify)		

Yes  No  **B. Monitoring** (not eligible for cost sharing at this time)

- The project evaluation strategy will provide pre- and post-project information from water resource monitoring. If "Yes," check all that apply below.
- The project will evaluate the physical habitat, fisheries, biological, or chemical conditions.
  - A one-page summary of the monitoring strategy is attached.

TRM Grant Project Name

**Part II. Minimum Qualifications (continued)**

- Yes No **C. Additional Monitoring**  
  The applicant is willing to participate with the Department to do monitoring in the project area should funding become available.

**Question 3. Evidence of Local Support**

The level of local support that currently exists for the proposed project.

**Agricultural Projects:**

- Yes No **A. Government**
1. **Regulatory Situations** *If you answered "Yes" to both items (A.1.a. and A.1.b.) below, go to Question 4. Otherwise, continue to Part A.2. of this question.*
- a. At least 75% of the total project cost is attributed to the resolution of a Notice of Discharge (NOD) or a Notice of Intent to Issue an NOD (NOI) under ch. NR 243 or non-compliance with agricultural performance standards and prohibitions under subch. II of ch. NR 151 or a local regulation.
- b. At least one of the following is attached to this application form:
- 1. copy of the NOI issued under ch. NR 243; or
  - 2. copy of the NOD issue under ch. NR 243; or
  - 3. copy of letter signed by DNR stating that DNR will issue an NOI or NOD under ch. NR 243 if cost sharing is provided; or
  - 4. copy of letter signed by DNR and the county that a notice, under s. NR 151.09 or s. 151.095, will be issued if necessary; or
  - 5. copy of letter signed by the county that the local regulation will be enforced at the project site.
2. **Non-Regulatory Situations**
- a. The governmental unit has developed:
- i. a detailed pollution control plan with the landowners that identifies specific best management practices (BMPs);
  - ii. general assessments of the pollution sources within the project area.
- b. The governmental unit has contacted the landowner(s)/land operator(s) about the proposed BMP installations.

If "Yes," provide details.

**We have worked closely with the Dahlke's during the design process and they understand the environmental concerns of the current farm site and the lack of winter spreadable acreage. They want to construct a manure storage to deal with their current nutrient runoff problems and eliminate the need to winter spread. If funded, the Dahlke's agree to sign a cost-share agreement and pay 30% of the costs and any overruns.**

- Yes No **B. Landowners and Partners**
1. **Level of Landowner Participation**
- a. A majority of the affected landowners/land operators have specifically indicated that they will sign a cost-share agreement (CSA) to install the practices requested in this grant application.
- b. A majority of the affected landowners/land operators have indicated a general interest to participate in the project.
- c. Letters of support for the project from affected landowners/land operators are attached.
2. **Involvement of Partners**
- a. Partners, in addition to the unit of government (applicant) and landowner, have committed resources (materials, equipment, staff or financial resources) towards the BMP installation, maintenance, or evaluation of the project.

If "Yes," list the project partner(s)

TRM Grant Project Name

**Part II. Minimum Qualifications (continued)**

- b. Letters of support from the project partner(s)

**Urban Projects:**

Yes No

**A. Government**

1. The local-share funds for the construction/installation expenses:
- a. are already included specifically in an adopted budget;
- b. will be included in a proposed budget.
2. The governmental unit has already conducted public information activities within the project area for this practice.
- If "Yes," provide details on the opportunity for public reaction the governmental unit provided and indicate the general public support or non-support for the project that was indicated.

Yes No

**B. Landowners**

1. The governmental unit:
- a. already owns, or holds an easement for, the land on which the project is to be installed;
- b. is submitting with the application a list of landowners, occupants, or tenants that occupy the property and information indicating each party's willingness to sell or ease the necessary parcel.
2. Evidence of citizen (non-governmental) support for the project (such as letters from the neighborhood association, a civic group or an environmental organization voicing support) is attached.

**Question 4. Basin Priorities (check one, A. through H.)**

- A. Clean Water Act s. 303(d) List of Impaired Waters**  
Project with water quality goals directly dealing with a waterbody (lake or stream) on the latest Clean Water Act (CWA) s. 303(d) List of Impaired Waters, where the cause of the water quality impairment is nonpoint source pollution, and this project will reduce the type of nonpoint source pollutants for which the water is listed. (See **Attachment A.**)
- B. Outstanding and Exceptional Resource Waters**  
Waterbody is included in s. NR 102.10 (Outstanding Resource Waters) and/or s. NR 102.11 (Exceptional Resource Waters).
- C. NPS Rankings**  
Project is located in a large-scale watershed, a small-scale watershed, lake watershed, or other area ranked high or medium on the NPS Rankings List, where the goals of the project are directly associated with the reason for the ranking on the NPS Rankings List.
- D. Amendment of the NPS Rankings List Using State of the Basin Reports**  
Project is located within a watershed ranked low or not ranked on the NPS Rankings List, but information in a DNR State of the Basin report indicates a need to amend the NPS Rankings List because the stream, stream segment, or lake is being affected by nonpoint sources of pollution.
- E. Amendment of the NPS Rankings List Using Other Data Sources**  
Project is located within a watershed ranked low or not ranked on the NPS Rankings List, but adequate data exists to request a ranking of high or medium for a waterbody that that is being affected by nonpoint sources of pollution.
- F. Sources of Information for Areas Not Included in State of the Basin Reports**  
For some border waters, there is no State of the Basin report (*i.e.*, along the Mississippi River or the Great Lakes). For these situations, another governmental document, accepted by the Regional NPS Coordinator, can be used to classify the resource as having a significant nonpoint source pollution impairment.
- G. Governmental Notices**  
The applicant has checked "Yes" to both parts of Part II, Question 3, A.1.
- H. Not Included in Other Categories Above**

TRM Grant Project Name

**Part III. Competitive Elements**

**Question 5. Water Quality Needs** (check one, A. through G.)

The water quality category which best identifies the water quality goals for the project directly deals with:

*Note: For border waters where a State of the Basin Report does not exist, another governmental document acceptable to the Regional Nonpoint Source Coordinator may be used to identify the water quality need.*

**Surface Water Considerations**

- A. Clean Water Act s. 303(d) List of Impaired Waters**  
 A waterbody (lake or stream) on the latest Clean Water Act (CWA) s. 303(d) List of Impaired Waters, where the cause of the water quality impairment is nonpoint source pollution, **and this project** will reduce the type of nonpoint source pollutants for which the water is listed. (See **Attachment A.**)
- B. Not Fully Meeting Uses**  
 A waterbody (lake or stream) identified in a DNR State of the Basin report as not meeting or partially meeting designated uses due to nonpoint sources, but is not on the s. 303(d) List.
- C. Outstanding or Exceptional Resource Waters**  
 Prevention of degradation due to nonpoint sources of outstanding or exceptional resource waters or high quality, recreationally significant waters.
- D. Surface Water Quality**  
 Prevention of surface water quality degradation due to nonpoint sources. Waters in this category are not high quality, recreationally significant waters.

**Groundwater Considerations**

- E. Exceeds Groundwater Enforcement Standard**  
 Groundwater within the project area where representative information indicates there are levels for NPS contaminants that exceed groundwater enforcement standards.
- F. Groundwater Quality**  
 The project area is within a geological area defined in s. NR 151.015(18) as susceptible to groundwater contamination. (See **Attachment G.**)
- G. Exceeds Groundwater Preventive Action Limit**  
 Groundwater within the project area where representative information indicates there are levels for NPS contaminants that exceed groundwater preventive action limits.

**Bonus Points:**

Yes No

- The project water quality goals identified above relate to the reduction of nonpoint source contaminants in community or non-community public drinking water supplies. This includes any of the following: Municipal water supplies governed by chs. NR 809 & 811; Other-Than-Municipal (OTM) water supplies governed by chs. 809 & 811; Non-Transient water supplies governed by chs. NR 809 & 812; Transient water supplies governed by chs. NR 809 & 812.
- 1. If "Yes" and you checked box E., F. or G., above, then mark (a), (b) or (c) below and move on to Question 6. (You will need assistance from your DNR Regional Grant Coordinator or Water Supply Specialist to answer.)
  - a. Check this box if the project is located: within the wellhead protection area of a municipal well, or within 1,200 feet of a municipal well for which a wellhead protection area is not delineated, or within 1,200 feet of an "Other-Than-Municipal (OTM)" water supply well, or within 1,200 feet of a non-transient water supply well.
  - b. Check this box if the project is located within 200 feet of a Transient water supply well.
  - c. Check this box if neither (a.) nor (b.) applies.
- 2. If "Yes" and you checked box A., B., C., or D. above, then place a check mark next to the drainage area where the project is located (see below).
 

<input type="checkbox"/> Pike River and Creek	<input type="checkbox"/> Twin Rivers
<input type="checkbox"/> Root River	<input checked="" type="checkbox"/> Kewaunee and Ahnapee Rivers
<input type="checkbox"/> Oak Creek	<input type="checkbox"/> Menominee River
<input type="checkbox"/> Milwaukee River	<input type="checkbox"/> Fish Creek
<input type="checkbox"/> Sauk Creek	<input type="checkbox"/> St. Louis and Nemadji Rivers
<input type="checkbox"/> Sheboygan and Onion Rivers	<input type="checkbox"/> Lake Winnebago
<input type="checkbox"/> Manitowoc River	

TRM Grant Project Name

**Part III. Competitive Elements (continued)**

**Question 6. Extent of Pollutant Control**

**A. Chapter NR 151 Agricultural Performance Standards and Prohibitions**

- Yes  No  The proposed project addresses at least one (1) of the ch. NR 151 agricultural performance standards and prohibitions. Indicate the performance standard(s) or prohibition(s) that is/are the focus of this project. (check all that apply)
- a. Sheet, rill, and wind erosion. (NR 151.02)
  - b. Manure storage facilities-new/significant alterations. (NR 151.05(2))
  - c. Manure storage facilities-closure. (NR 151.05(3))
  - d. Manure storage facilities-existing failing/leaking. (NR 151.05(4))
  - e. Clean water diversions. (NR 151.06)
  - f. Nutrient management. (NR 151.07)
  - g. Prohibition: Prevention of overflow from manure storage facilities. (NR 151.08(2))
  - h. Prohibition: Prevention of unconfined manure piles in water quality management areas (within 300 feet of a stream, 1000 feet. of a lake, or areas where the groundwater is susceptible to contamination). (NR 151.08(3))
  - i. Prohibition: Prevention of direct runoff from a feedlot or stored manure into waters of the state. (NR 151.08(4))
  - j. Prohibition: Prevention of unlimited livestock access to waters of the state where high concentrations of animals prevent the maintenance of adequate sod cover or self-sustaining vegetation. (NR 151.08(5))

**B. Other Water Resources Management Priority**

- Yes  No  The proposed project addresses a water resources management priority other than a ch. NR 151 agricultural performance standard or prohibition.
- If "Yes," describe the priority and how the project addresses this priority.

**C. Planning Data & Source Targeting**

- Yes  No  The applicant has quantitative planning information that ranks pollution sources from highest to lowest in severity and the proposed project will manage a pollution source contained in the top 50% of the ranked list. If "Yes," provide:
- a. Summary of the targeting analysis that justifies the proposed project;
  - b. Name of document(s);
  - c. Date(s) published;
  - d. Pertinent page numbers.
  - e. A copy of non-state document(s) is available:
    - At this website; http://
    - Attached to this application form.
    - Contact this person: Name: \_\_\_\_\_ Phone: \_\_\_\_\_

TRM Grant Project Name

**Part III. Competitive Elements (continued)**

**Question 7. Consistency with Resource Management Plans**

Yes No

- The project implements a water quality recommendation from a locally approved resource management plan.

Summarize the water quality recommendation. Describe the recommendation in relation to the goals of this proposed project. Cite the name and date(s) of publication of the document.

**Kewaunee County Land & Water Resource Management Plan (A local NR151 Implementation Strategy).  
January 1, 2005 - December 31, 2009.**

**This plan is a local NR151 Implementation Strategy that outlines the strategy for protecting Kewaunee County's local surface and groundwater quality primarily through local implementation of the agricultural nonpoint source pollution control performance standards and prohibitions contained within Chapter NR151 of the Wisconsin Administrative Code.**

**Question 8. Use of Additional Funding**

Yes No

- A. The requested state share is less than the \$150,000 cap.  
  B. Funding requested is below the maximum allowable cost-share rate (amount is **less than** Part II. Question 1. Row 15).

**Question 9. City of Racine**

Yes No

- This is an application from the City of Racine for a project that is necessary for the city to comply with state storm water permitting requirements.

TRM Grant Project Name

**Part IV. Eligibility for Multipliers**

Completion of this part of the application is optional. However, an applicant can increase the final project score by qualifying for a project multiplier.

**Agricultural Projects** (select all that are in place as of the application submittal date)

**A. Local Implementation Program** (factor 0.1) (check all that apply)

Check activities listed below that are part of the local program to implement agricultural performance standards and prohibitions contained in ch. NR 151. Check all activities that apply. An activity may be checked "Yes" if either of the following is true:

- The activity is currently assigned to the applicant, or another local unit of government, in an approved Land and Water Resources Management Plan (LWRMP), an updated LWRMP work plan or an Inter-Governmental Agreement (IGA) with the Department of Natural Resources. List the document and page number where the activity is addressed.
- The activity is not currently assigned in one of these documents, but the applicant describes, in the space provided below, who will conduct the activity.

Yes	No		Document	Page Number
<input checked="" type="checkbox"/>	<input type="checkbox"/>	1. Inform and educate landowners/operators about performance standards and prohibitions.	LWRMP	48
<input checked="" type="checkbox"/>	<input type="checkbox"/>	2. Conduct compliance status surveys, including on-site visits, for croplands and livestock facilities and convey compliance status to landowners/operators.	LWRMP	48-49
<input checked="" type="checkbox"/>	<input type="checkbox"/>	3. Discuss with landowners/operators the best management practices needed to achieve compliance with performance standards and prohibitions.	LWRMP	49
<input checked="" type="checkbox"/>	<input type="checkbox"/>	4. Seek financial assistance for landowners/operators to achieve compliance with performance standards and prohibitions.	LWRMP	50
<input checked="" type="checkbox"/>	<input type="checkbox"/>	5. Develop cost-share agreements with landowners/operators and provide them with technical assistance to achieve compliance with performance standards and prohibitions.	LWRMP	51
<input checked="" type="checkbox"/>	<input type="checkbox"/>	6. Track compliance status of croplands and livestock facilities and provide compliance status information to the Department of Natural Resources upon request. This includes notifying DNR when a landowner/operator does not comply with a notice issued under s. NR 151.09 or s. NR 151.095.	LWRMP	50
<input checked="" type="checkbox"/>	<input type="checkbox"/>	7. Provide assistance to the Department of Natural Resources to issue notices under ss. NR 151.09 and NR 151.095.	LWRMP	52
<input checked="" type="checkbox"/>	<input type="checkbox"/>	8. In situations where local regulations do not require compliance with a performance standard or prohibition, refer cases of non-compliance to the local district attorney or the Department of Natural Resources.	LWRMP	52-53

If an item checked above is not covered by a LWRMP, an updated LWRMP work plan or an IGA with DNR, list the activity and identify who will carry it out.

**If all items (1 through 8) above are checked "Yes," go on to Part B. Otherwise, stop here.**

TRM Grant Project Name

**Part IV. Eligibility for Multipliers (continued)**

**B. Local Enforcement Program – Scope of Local Regulations (factor 0.15) (check all that apply)**

If there are local ordinances in place which authorize the governmental unit to require the landowner to correct the nonpoint pollution sources for which cost sharing is being offered, then the applicant may earn an enforcement multiplier.

Complete the following table by identifying each of the performance standards and prohibitions that the grant will address, the estimated portion of the grant that will be used to address each standard and prohibition, and the local regulation that applies to the specific situation being addressed at the site. The Department will calculate the enforcement multiplier based on the extent to which local regulations provide authority for the governmental unit to regulate the specific performance standards and prohibitions at the site for which the cost share is being provided.

Check the appropriate performance standard/prohibition per line. The standard(s)/prohibition(s) selected below should be the same one/s cited in the answer(s) to Question 6.A. [e.g., 6.A.a. "Sheet, rill and wind erosion (s. NR 151.02)].

Column 1	Column 2	Column 3		Column 4
Performance standard/prohibition to be addressed with funding. Check all that apply, as in Question 6.A.	Estimated portion (%) of the grant award to be spent on the performance standard/prohibition. The sum should equal 100%.	Is there a local regulation which addresses the specific site being funded?		If there is a local regulation which addresses the specific site being funded, list the name and applicable section of the ordinance.
		Yes	No	
<input type="checkbox"/> a. Sheet, rill, and wind erosion. (NR 151.02)		<input type="checkbox"/>	<input type="checkbox"/>	
<input checked="" type="checkbox"/> b. Manure storage facilities-new/significant alterations. (NR 151.05(02))	<b>100</b>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<b>Kewaunee County Animal Waste Storage Facility Ordinance</b>
<input type="checkbox"/> c. Manure storage facilities-closure. (NR 151.05(03))		<input type="checkbox"/>	<input type="checkbox"/>	
<input type="checkbox"/> d. Manure storage facilities-existing failing/leaking. (NR 151.05(4))		<input type="checkbox"/>	<input type="checkbox"/>	
<input type="checkbox"/> e. Clean water diversions. (NR 151.06)		<input type="checkbox"/>	<input type="checkbox"/>	
<input checked="" type="checkbox"/> f. Nutrient management. (NR 151.07)	<b>0</b>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<b>Kewaunee County Animal Waste Storage Facility Ordinance</b>
<input type="checkbox"/> g. Prohibition: Prevention of overflow from manure storage facilities. (NR 151.08(2))		<input type="checkbox"/>	<input type="checkbox"/>	
<input type="checkbox"/> h. Prohibition: Prevention of unconfined manure piles in water quality management areas (within 300 ft. of a stream, 1000 ft. of a lake, or areas where the groundwater is susceptible to contamination). (NR 151.08(3))		<input type="checkbox"/>	<input type="checkbox"/>	
<input type="checkbox"/> i. Prohibition: Prevention of direct runoff from a feedlot or stored manure into waters of the state. (NR 151.08(4))		<input type="checkbox"/>	<input type="checkbox"/>	

TRM Grant Project Name
------------------------

**Part IV. Eligibility for Multipliers (continued)**

<input type="checkbox"/>	j. Prohibition: Prevention of unlimited livestock access to waters of the state where high concentrations of animals prevent the maintenance of adequate sod cover or self-sustaining vegetation. (NR 151.08(5))		<input type="checkbox"/>	<input type="checkbox"/>	
		Sum of %: <b>100</b>			

Check all that apply. At least one (1) category must be checked to earn an enforcement multiplier. Copies of ordinances for which credit is taken in this section are: \_\_\_\_\_

- Found at this website (provide <http://> most direct web page URL); \_\_\_\_\_
- Attached to this application;
- Already submitted with another application for CY 2010 funding.

**Urban Projects (select all that are in place as of the application submittal date)**

Title(s) of ordinance(s) for which credit is taken in this section: \_\_\_\_\_

Copies of ordinances for which credit is taken in this section are: \_\_\_\_\_

**A. Local Implementation Program (factor 0.1)**

- |                          |                          |  |   |
|--------------------------|--------------------------|--|---|
| Yes                      | No                       |  | 1. Implement a construction site erosion control ordinance consistent with the performance standards and applicability requirements of s. NR 151.11.                                |
| <input type="checkbox"/> | <input type="checkbox"/> |  |   |
| <input type="checkbox"/> | <input type="checkbox"/> |  | 2. Implement a pollution prevention information and education program targeted at residents, including property owners.   |
| <input type="checkbox"/> | <input type="checkbox"/> |  |   |
| <input type="checkbox"/> | <input type="checkbox"/> |  | 3. Implement nutrient management for municipally-owned properties where nutrients are applied to at least five (5) acres. (You may check "Yes" if this item does <u>not</u> apply.) |
| <input type="checkbox"/> | <input type="checkbox"/> |  |   |
| <input type="checkbox"/> | <input type="checkbox"/> |  | 4. Track, evaluate and report to DNR the status of erosion control and storm water permit activity.   |

**If all items (1 through 4) above are checked "Yes," go on to part B. Otherwise, stop here.**

**B. Local Enforcement Program (factor 0.15)**

- |                          |                          |  |  |
|--------------------------|--------------------------|--|--|
| Yes                      | No                       |  | 1. There is a storm water management ordinance in effect for new development and re-development in the project area. |
| <input type="checkbox"/> | <input type="checkbox"/> |  |  |
| <input type="checkbox"/> | <input type="checkbox"/> |  | 2. The local regulation requires a written storm water plan.   |

**If items B.1. and B.2. are checked "Yes," go on to Part B.3. Otherwise, stop here.**

3. Check the box next to any of the listed non-agricultural performance standards if there is a local regulation currently in place that requires compliance with that performance standard. (An item may be checked "Yes" only if the minimum applicability requirements of s. NR 151.12 are met.) (check all that apply)

Yes	No	Non-Agricultural Performance Standards	Wis. Adm. Code
<input type="checkbox"/>	<input type="checkbox"/>	a. Reduce total suspended solids per	NR 151.12(5)(a)
<input type="checkbox"/>	<input type="checkbox"/>	b. Reduce peak flow discharge per	NR 151.12(5)(b)
<input type="checkbox"/>	<input type="checkbox"/>	c. Achieve infiltration per	NR 151.12(5)(c)
<input type="checkbox"/>	<input type="checkbox"/>	d. Protect riparian areas per	NR 151.12(5)(d)
<input type="checkbox"/>	<input type="checkbox"/>	e. Manage fueling and vehicle maintenance areas per	NR 151.12(5)(e)

TRM Grant Project Name

**Part IV. Eligibility for Multipliers (continued)**

**Optional Additional Information**

Carefully review the answers to all of the questions above. Is there additional information that will add to the understanding of this project? If so, describe here.

**Applicant Certification**

An Authorized Representative must sign and date the application form prior to submittal to the DNR. All four (4) copies must include original signatures of the Authorized Representative.

I certify that, to the best of my knowledge, the information contained in this application and attachments is correct and true.

Signature of Authorized Representative

Date Signed

*[name and title, please print]*

**Andy Wallander, County Conservationist**

Yes No

Completed Authorizing Resolution (see **Attachment J.**) is attached.

**Submittal Directions**

To be considered for funding, provide the following for each application submitted:

- One (1) copy of the completed application form [DNR Form 8700-300 (R 1/09)] with original signature in blue ink;
- Three (3) additional copies of the completed, signed application form;
- One (1) electronic copy of the completed application form on CD or diskette in Microsoft Word format only.

All application materials must be postmarked by midnight **April 15, 2009**.
