- Excellent Water Quality
- No Known Standards Violations
- No Existing or Potential Water Quality Problems

in recent time  
(see back)

OUTSTANDING AND EXCEPTIONAL RESOURCE WATER EVALUATION - STREAMS(continued)

Stream Name: \_\_\_\_\_

Reach Designation: \_\_\_\_\_

CRITERIA

RELATED INFORMATION

SOURCES OF POLLUTION

No significant impacts from actual or potential point sources or culturally induced nonpoint sources

(see below)

If this waterbody did not receive a check in each of the 4 categories, but based on your professional judgement and overriding environmental concerns, you still believe that this should be an Outstanding or Exceptional Resource Water, explain why.

The No. Elk Flombean River historically has been impacted by the effluent from the paper mill at Park Falls. This condition has improved and the water quality in this stretch is currently not impacted.

- Reservoir is Excep. Res. Water
