OUTSTANDING AND EXCEPTIONAL RESOURCE WATER EVALUATION - STREAMS(continued)

Stream Name: N. Br. Popple River - Forest County

Reach Designation: Whole Stream - 12.0 miles - ERW

CRITERIA

RELATED INFORMATION

SOURCES OF POLLUTION

No significant impacts from actual or potential point sources or culturally induced nonpoint sources

If this waterbody did not receive a check in each of the 4 categories, but based on your professional judgement and overriding environmental concerns, you still believe that this should be an Outstanding or Exceptional Resource Water, explain why.

Main Popple is classed ORW (I would assume this is due to its wild Rivers Status). This tributary is a decent brook trout fishery and should be considered ERW by association with the Main Popple
