

Jay S,

Attached is the data for  
Rost Lake 2011.

I have decided to take  
you up on your offer as  
I am still not having any  
success getting in the site  
to record data. Thanks again  
for the help.

My numbers are back to  
fine and my next shot at  
trying for a transplant may  
happen in mid March if  
all goes well.
