That's the spot. It's in the backyard of one of your volunteers.
Thanks

Hi Tracy,

I added this in our database. Attached is a picture of where that latitude and longitude end up. I just wanted to confirm that it's the right spot. If not, I can move it.

Our crazy volunteers want to add another site :) LOL

Can we get 10 mile creek off Wilderness Lane added? Code will be 10MWLD and the Lat is 44.15'44"N Long is 89.45'22"W

They are collecting data this weekend and want it entered on Monday. I told them I didn't even know if you were in the office but I would get the information to you. I can't find the top of my desk but will get data entered when I can after I have it.

Jessica will you be at the stream flow meeting on Wed? Is there an agenda?

Thanks guys!!
